SUMMARY

Motivated BCA student with knowledge of Python, Java, and SQL. Interested in starting my career as a Software Developer where I can apply my programming skills, learn new technologies, and contribute to building efficient software solutions.

EDUCATION

Bachelor of Computer Applications (BCA) | 2023-2026 (Pursuing)
BLDEA's Commerce, BHS Arts & TGP Science College, Jamkhandi, Bagalkot,
Bagalkot University, India

SKILLS

- Programming Languages: Python, Core Java, C
- Backend & Web Development: Flask, Django, HTML, CSS, JavaScript
- Data Analysis & Visualization: Pandas, NumPy, Matplotlib, Excel, Power BI, Data Cleaning,
- Data Validation, CRUD Operations, Joins, Queries, Data Interpretation.
- Database: MySQL, SQL
- Core Concepts: Data Structures, OOP, Operating Systems, Computer Networks, DBMS
- Tools & IDEs: Eclipse, VS Code, Maven, Git/GitHub, Jupyter Notebook
  Soft Skills: Team Collaboration, Decision Making, Time Management, Problem Solving, Analytical Thinking.

PROFESSIONAL EXPERIENCE

FullStack Web Development Intern Codtech IT
Solutions Private Limited | Jan 2026

- Completed a 4-week intensive internship focused on full-stack web application development.
- Designed and developed dynamic web components using frontend and backend technologies.
- Implemented CRUD operations and integrated MySQL database for efficient data management.
- Applied MVC architecture and coding best practices to deliver scalable web solutions.

Data Analyst Unified Mentor
dec 2025 – mar 2026

- Analyzed and processed data using Python, Pandas, and NumPy
- Performed data cleaning and generated insights from datasets
- Created reports/visualizations and used SQL for data handling

CERTIFICATIONS

- Advanced Python —LinkedIn Learning (2026)
- Data Analyst --Microsoft(2025)

PROJECTS

AlumniPortal(AcademicProject) | Python,Django,HTML,CSS,SQLite/MySQL

- Developed a web-based Alumni Portal using ***Python and Django framework*** to connect alumni
- and students of the college. Implemented ***role-based access*** for Admin, Student, and Alumni with
- authentication and session management. Built modules for ***job postings, internships, events,***
- ***achievements, and donations***. Used ***Django ORM*** for database operations and designed models for
- users, jobs, internships, and events. Implemented ***search and filtering features*** for jobs and
- internships. GitHub: Alumni Portal

GenAI Resume Analysis | Python, Flask, HTML/CSS

- DevelopedaFlask-basedwebapplicationforAI-poweredresume analysis.
- IntegratedGeminiAPIforextractingandsummarizingresume insights. Designedauser-
- friendlyinterfaceforuploadingandanalyzing resumes dynamically.
- Providedresumeanalysisinsightstoimprovecandidatescreening efficiency. GitHub:
- GenAI_Resume_Analysis

ADDITIONALINFORMATION

- Interests: Coding, Music, Cricket.
- Languages: English, Kannada.
